- Battling Door Solution
- Materials:
  - 18" length of new string or thin red ribbon.
- Procedure:
  - Sleep with red string or ribbon under your pillow for 9 days.
  - After 9 days, open doors until they almost touch.
  - Tie one end of string/ribbon to the stem of one door knob and the other end to the second door knob.
  - Use the Dispelling Mudra and chant Om Ma Ni Pad Me Hum nine times. Then cut the string/ribbon with a pair of scissors while visualizing all past, present or future potential or actual conflict (known or unknown) is removed and replaced by harmonious, pleasant and congenial energy.
  - Leave the ends of the string/ribbon dangling or wrap tightly around the door knob stem so as to not be visible.
