

MISSION STATEMENT

The International Feng Shui Guild is an umbrella organization meant to be a benevolent oasis for all schools of Feng Shui, connecting and serving professional practitioners as well as anyone interested in the ancient Oriental art/science of Feng Shui. We are a non-profit organization made up primarily of volunteers. We encourage the free exchange of all approaches to Feng Shui, fully realizing that it has continually adopted, adapted, and evolved new methods and cures in its thousands of years of practice. The IFSG is dedicated to advancing the practice, teaching and use of Feng Shui globally.
